

Buzzi Unicem USA

Manifest Address:

Lone Star Greencastle WDF * 3301 South County Road 150 West * Greencastle, Indiana 46135 * 765-653-8816

Lone Star Industries, Inc. * 2524 South Sprigg Street * PO Box 968 * Cape Girardeau, Missouri 63702 * 573-335-8878

Please review and complete the attached four (4) pages completely and accurately. Submit the Profile, the Specs, and the RMP/DHS page with a representative sample of the material you would like us to consider under the "Truck Wash" program. You can submit the application and sample to the address above.

Page 1. Profile

All questions must be answered completely and accurately about the material you would like considered. We require a separate profile and SDS for each stream generated. For the Truck Wash program, the SDS must be for the material that will be shipped to us. Please include any outside analytical that may be available, including any available SDS's. Be sure to sign and date the profile before submission.

Page 2. Truck Wash Program Specifications

Detailed specifications for materials that might qualify for the Truck Wash Program if you have classified the material as "Solvent Continued Use" or "Commercial Chemical Product."

Pages 3 - 4. RMP/DHS List

In order to maintain compliance with the applicable regulations associated with the storage of toxic and/or flammable chemicals under EPA's risk management Program (RMP) or the Department of Homeland Security (DHS) chemicals of interest, we screen all materials shipped to us for the presence of listed chemicals. This is intended to ensure that we do not trigger the threshold(s) for onsite storage. Please review the listed chemicals and identify if any chemical is present in the material to be profiled, along with the % concentration and then check the appropriate box at the bottom of the RMP/DHS form. Advance notice is required if the % of an RMP/DHS chemical shipped to a Buzzi facility exceeds our limits. Be sure to complete the RMP/DHS List sheet before signing and submitting the profile.

Page 5. Credit Application

Please complete the Buzzi Unicem USA Credit Application if you are not currently approved to ship materials to the Alternative Fuels Facility and include this with the profile when submitted.

Truck Wash Program Profile

Date Received _____

A. GENERATOR INFORMATION

GENERATOR NAME: _____
 USEPA ID#: _____

SDS MUST ACCOMPANY PROFILE

WARRANTIES AND CERTIFICATIONS

The following substances *will not* be accepted under the "Truck Wash" program by Buzzi Unicem USA.

>250 cps viscosity	>25% Suspended solids	>60% Water	DOT Corrosive materials
Biological wastes	TSCA regulated materials	Reactive cyanides	Explosives
Infectious wastes	Low Btu materials (<2500 Btu/lb)	Reactive sulfides	> 4 ppm Mercury
Radioactive materials	PCB regulated materials (>40 ppm)	Pyrophoric materials	Incompatible Materials

Generator certifies that materials submitted under the "Truck Wash" Program are as generated (if continued use) or as manufactured (if commercial product) and have not been further processed from its original use. The generator certifies that they are aware that it is their responsibility to ensure that the material is properly classified, stored and managed at their location so as to qualify for the program prior to shipping to Buzzi..

The term PCB's are used in this warranty to refer to any chemical substances and combinations of substances that contain 50 ppm or greater of PCB's as defined in 40 CFR 261.3. (s), including any by-product, in a process which contains less than 50 ppm PCB's because of any dilution. It is unlawful for Alternate Fuels to receive PCB's. Any generator and transporter who knowingly or willfully ships PCB's to our facility will be subject to civil penalties and or criminal prosecution. The generator hereby warrants that the materials transferred to Lonestar Industries will not contain 50 ppm or greater of PCB's when measured in each container or vessel: that the material is not contaminated with PCB's from a source containing 50 ppm or greater PCB's, and hereby agrees to indemnify and hold Buzzi Unicem USA harmless from any costs, damages or other liability from the breach of this warranty. The sample submitted is representative of the waste stream, any significant changes to the above described waste stream will require notification and a new Waste Profile Sheet to be submitted prior to shipment.

By signing below, the generator hereby represents and warrants that to the best of its knowledge the information contained on pages 1 - 4 of this profile is true, accurate and complete in all respects and that all known hazards have been disclosed.

Name: (Please print) _____ Title: _____
 Signature: _____ Date: _____

Truck Wash Program

Uses "Continued Use" material or "Commercial Chemical Products" for cleaning purposes, including removing Truck Heels from tanker deliveries and / or flushing lines within the tank farm.

1. Requires Pre-Qualification Sample and Buzzi Unicem USA - Material Profile Approval
2. Generator to Certify That Material Does Not Have Any Further Processing From It's Original Use
3. The Material Must be Sent on DOT Bill Of Lading with Buzzi Approved Profile Number clearly written or typed on the document. The Bill of Lading must be from the generator to Buzzi.
4. The Shipped Material Will Be Rejected if Specifications Are Not Met When Received
5. The Product Description should reflect that the material is either (1) currently used as a rinsing or cleaning product or is (2) suitable to be employed as an ingredient to make a product or employed in a cleaning function or application as an effective substitute for a commercial product without additional processing.

It is the responsibility of the generator to ensure that the material is properly classified, stored and managed at their facility so as to qualify for the program prior to being received onsite. Please refer to the applicable requirements in 40 CFR 261.1(c)(5)(ii), 261.2(e)(1)(ii), and 261.2(f).

Note that for "Continued Use", the material must still be pure or clean enough to be used for its intended purpose.

Please check the applicable boxes on page 1 in Section C and under the Warranties and Certifications to indicate the exemption claimed.

6. Must Meet the Following Specifications:

Any single or combination of industrial solvents

Greater than 40% (<60% Water)

Suspended Solids

Less than 25%

Viscosity

250 Centipoise or less

pH

2-12.5

***Metal Limits (Totals)**

Chromium (Cr)	100 ppm
Lead (Pb)	100 ppm
Arsenic (As)	100 ppm
Cadmium (Cd)	20 ppm
Mercury (Hg)	4 ppm
Beryllium (Be)	0.4 ppm
Barium (Ba)	2000 ppm

**Metals tested on qualification sample.*

Please review the chemicals listed in Sections 1 - 4 to notify us of the presence of potentially regulated items. This is intended enable Lone Star to remain in compliance with applicable regulations. **The presence of a chemical will not necessarily disqualify a waste stream** but it will allow us to implement special handling or other procedures if necessary.

1. Does the waste to be shipped contain any of the following regulated RMP flammable liquids?

CAS	Compound	Contained? (Check box)	List Concentration %	CAS	Compound	Contained? (Check box)	List Concentration %
590-21-6	1-Chloropropylene	<input type="checkbox"/>		78-79-5	Isoprene	<input type="checkbox"/>	
109-67-1	1-Pentene	<input type="checkbox"/>		75-29-6	Isopropyl chloride	<input type="checkbox"/>	
557-98-2	2-Chloropropylene	<input type="checkbox"/>		75-31-0	Isopropylamine	<input type="checkbox"/>

FOR AND IN CONSIDERATION of the extension of credit for the purchase of goods, materials and services the undersigned applicant(s) agree(s) to:

1. Furnish any additional financial information, including but not limited to current financial statements, personal or corporate, from time to time as requested by the credit grantor.
2. To pay amounts due within stated terms (terms stated on reverse side of each invoice) for materials as purchased and applicant understands that credit can be suspended at option of credit grantor for payments not so paid.
3. To pay service charges (delinquent charges) at a rate of 1.5% per month on any and all balances that are past due per stated terms for payment.
4. Should it be necessary to assign the account balance to a licensed collection agency or attorney for collection, all the subsequent collection charges, legal fees and court cost shall be paid by the applicant.
5. To inform credit grantor of any material changes in the condition of the firm.
6. By signature below, I hereby authorize the release of requested financial information from the above stated references.
